

**SACCO S.r.l. – MICROBIAL CULTURES DIVISION****GMO STATEMENT**

Herewith Sacco S.r.l. declares that our microbial cultures are selected strains; they are isolated from natural sources of non-pathogenic bacteria.

The microbial strains, and all ingredients/carriers used for the production, are NOT genetically modified (GM).

Therefore: OUR PRODUCTS ARE NO GM and are not subjected to mandatory labelling according to Regulation (EC) 1829/2003 and Regulation (EC) 1830/2003.

If the actual situation should be changed, we will inform you in accordance with the legal requirements.
